Subject: Notice of Intent for Ottawa County Materials Management Plan (MMP)

Ottawa County is in the process of creating a single-county Materials Management Plan (MMP). As required by Part 115, Solid Waste Management, of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended (Part 115), we are submitting this Notice of Intent to each municipality.

Part 115 also mandates the County to request the publication of the Notice of Intent on websites of local units of government in the planning area and other multimedia outlets as appropriate. Please consider this letter as a formal request for such publication.

We have established a dedicated website to address any questions or concerns related to the new MMP for both residents and municipalities of Ottawa County. You can find the page at [www.miottawa.org/mmp](http://www.miottawa.org/mmp).

Additionally, your input and participation are crucial, as each municipality will be asked to vote on the plan. We welcome active involvement from all local governing bodies so that we can develop a productive and effective MMP.

OCDPH is the Designated Planning Agency (DPA), and I am the point of contact for the county regarding the MMP. Please feel free to reach out to me directly with any questions or concerns.

Thank you for your cooperation and support.

Sincerely,

Kimberly Wolters, REHS
